Questions and Conversation Starters:

- Some people thought Paul was preaching about Jesus because he wanted to be popular or that he was making it all up, so Paul wrote to the Galatian churches to explain how he came to know Jesus.
- Paul explained that telling people about Jesus and the forgiveness of God can be very hard, but he does it because it is the truth. Do you remember who told Paul about God's forgiveness and grace? (Jesus Himself!)
- If Jesus himself told you something and wanted you to tell others, what would you do? (Tell people!)
- The Bible is God's word and it specifically tells people who follow Jesus to tell other people about Jesus and his forgiveness. Can you think of someone you can tell about Jesus?

Activities:

- Coloring Page / Comic Book
 - Using the worksheet, have your kids color in the different pictures of Paul.

- Help them cut out the figures and tape or glue them to another piece of paper like the cells in a comic book. Retell them the story of Paul's conversion and how dramatic a change this was from the man he was.
